

COLORED WOMEN STILL IN SESSION.

Today's Meeting Much More Enthusiastic and Better Attended Than Yesterday's.

SPEECH BY GOVERNOR WELLS.

Says Color Line Is Not Drawn Here as In Other States—Mayor Morris Extends Welcome.

The second day's session of the Western Federation of Colored Women was much better attended and much more enthusiastic was displayed than at the first two sessions yesterday. There were 25 delegates enrolled when the convention was called to order this morning, and about 20 of that number were present at the meeting. Gov. Wells and Mayor Morris made brief addresses welcoming the visitors to the city and state.

The session was opened this morning by singing "Jesus Lover of my Soul," after which the Lord's prayer was repeated. The minutes of yesterday afternoon's session were read and approved. A letter was read from Mrs. W. T. Williams of Boise, Idaho, endorsing the action of the federation. The president appointed Mrs. E. Smith, Mrs. Julia Emery and Mrs. L. A. Ridgely as a committee to frame and send to the National Federation of Colored Women a greeting when it meets in St. Louis on July 11.

GOV. WELLS SPEAKS.

Gov. Wells was then introduced by Mrs. Taylor and was greeted with hearty applause. He said in part: "Ladies, I welcome you here to the capital city and wish you success in your convention. There is nothing that can be done to advance the cause of the colored people of this state that will not meet my hearty approval. The Legislature of this state and the people of this state are not prone to legislate such a close distinction in the matter of color as in other states. I believe that the colored race has the brains and the brawn to attain as high a station as the white race. Their brains are as large and they are as large in stature. I congratulate you upon the organization of such a move in this state. I thank you for your attention."

MRS. EMERY RESPONDS.

Mrs. Julia Emery responded to Gov. Wells' speech in a very appropriate manner. She heartily thanked him on behalf of the visiting delegates for his words of welcome and on behalf of the entire federation for his words of encouragement.

THE MAYOR'S WELCOME.

Mayor Morris was next introduced amid hearty applause, and said: "Ladies of the Western Federation of Colored Women, in behalf of Salt Lake City I extend to you a hearty welcome to our city. I assure you that your action meets my hearty approval, and anything I can do to assist you, both during and after your organization, I will gladly do. I thank you."

MRS. NESBITT'S SPEECH.

Mrs. B. Nesbitt of Ogden, responded to the address of the mayor in a very graceful speech. A rising vote of thanks was then extended by the federation to both the governor and the mayor.

A paper touching upon the organization of the federation and its objects was then read by Mrs. C. M. Emery of Ogden. Remarks were then made by Judge A. N. Cherry of this city, Rev. Helen of Denver, W. J. Wheaton of Ogden, Mrs. Robinson, Mrs. Washington and several other delegates, after which an adjournment was taken until 2 o'clock.

PORT AU PRINCE EPISODE. Haytian Minister Explains Attack On French and German Ministers.

Washington, July 6.—Mr. Leger, the Haytian minister, has made an explanation of the recent international episode at Port au Prince involving an attack on the French and German ministers and the presence of warships in consequence to procure reparation, which puts an entirely different light on the affair, depriving it of any such anti-foreign animus as was first attributed to it.

The minister's advice, just received from Hayti, shows that the incident occurred as follows: "Before the executive mansion at Port au Prince there is a road which is closed after dark to all pedestrians and carriages. On the morning of June 21 two carriages were seen on that road. It was dark, the sentry could not see the occupants and could not then know if they were foreigners or natives. The coachmen, not hearing, or not taking any notice of the warning of the sentry, the latter, thinking they were using his rifle, thought fit to throw a stone in the direction of the carriages. When the next morning the report was made that the occupants of the carriage were the French and German ministers, the officers of the guard and the sentry were punished. A second section of foreign relations called at the legations to apologize."

Minister Poole has since reported that the incident was satisfactorily closed.

BIRTH OF REPUBLICAN PARTY CELEBRATED.

Jackson, Mich., July 6.—Five thousand people assembled in Loomis park here today to celebrate the fiftieth anniversary of the birth of the Republican party "under the oaks," this city, July 6, 1854. It was here on that date that the first state convention, acting under the name of "Republicans" was held. The state ticket nominated on that day won the election, headed campaign to election day success.

Secy. of State John Hay, who was private secretary to Abraham Lincoln, the first Republican president, was the orator of the day. Other distinguished guests present were Speaker Cannon of the national house of representatives; Senator Fairbanks of Indiana, Republican candidate for vice president, and Senators Alger and Burrows of Michigan.

The city is hung with bunting, and bands of music played. The arrival of Secy. Hay and Senator Fairbanks, with a company of prominent Republicans, on a special train from Detroit. Speaker Cannon arrived last night. At the morning exercises at Loomis park, Mayor Todd delivered a hearty welcome and Gov. Bliss briefly responded. Atty. Charles A. Blair of Jackson (then read an able paper on the history of the Republican party).

Thomas J. O'Brien of Grand Rapids, the next speaker, was introduced as one of the participants in the original "under the oaks" convention of 1854. Mr. O'Brien, as well as Mr. Blair, had his subject "The History of the Republican Party in Michigan."

An interesting feature of the exercises was a body of "Fremont voters," and men who cast their votes for the "pathfinder." Grand Army uniforms, crutches and silvered locks were conspicuous among them, and the rapid action of these "charter Republicans" was notable.

When the morning exercises at the grove were concluded, the distinguished guests were driven to the Hotel Otsego, where they were tendered a reception. Then there was a half hour's interruption of the day's program for luncheon. In the afternoon the program at the grove was resumed. A tremendous audience was present when Senator Burrows introduced Secy. of State Hay, the orator of the afternoon. Secy. Fairbanks of Indiana was the next speaker.

IN SOUTHERN MANCHURIA. Serious Military Operations There Probably Over for Present.

St. Petersburg, July 6.—The military operations which have been going on in southern Manchuria are over until the rainy season has ended, and that in the meantime the Japanese will devote themselves to the siege of Port Arthur. The army now moves at the back of the decision on the part of Gens. Kuroki and Oku, expressing the belief that this may account for the fact that forces landing at Port Dainy have been taken from armies in Manchuria.

The test of engines of the armored cruiser Admiral Nakimoff on her trial run is pronounced very satisfactory. The battleships Sisioveliky and Navarin and armored cruiser Svetlana are being fitted with hoists for coaling at sea.

PARKER'S OPPONENTS.

All but Hearst Men Feel Discouraged.

St. Louis, Mo., July 6.—The feature of the forenoon was the continued scramble for tickets. Many delegates are accompanied by five times as many friends as there are tickets for and people remained up practically all night in their efforts to secure means of admission.

The special advocates of various candidates were also active early in the forenoon, who were advocating the claims of their candidates. Judge Parker found very little encouragement. Some of them continued their assurance that there would be at least 400 votes cast again the New York candidate and professed to be unshaken by the stand taken by Theodore Tilton and Ohio. Others admitted the critical nature of the situation, and confessed that great effort is necessary to prevent Parker's nomination on the first ballot. "If we accomplish that we will feel that there is ground for hope," said one of them. "As for the friends of Judge Harmon," said Mr. Cleveland, head of the supporters of the ex-attorney-general, "we see that the situation is hopeless and shall not present the name of our candidate."

Hearst's friends were the most confident of the opposition, and they were strongly seconded by Mr. Tilton's adherents, in whose interest a uniformed club, headed by a brass band, paraded the principal streets.

The Chartruse Charges.

Paris, July 6.—The parliamentary committee which is investigating the Chartruse charges has drawn up a report exonerating Premier Combes and his son, Edward Combes, secretary-general of the ministry of the interior, on the ground that the testimony does not show anything impeaching their honor. The report expresses regret that the premier referred before the chamber of deputies to an attempt at bribery, whereas the testimony discloses incidents having that gravity. The committee will continue its inquiries, but the decision, vindicating the two Combes terminates its principal work.
